## Jean Michel Frank club and sofa

This sofa from Jean Michel Frank is a tribute to visionary design. Frank's work is attractive because of its stunning simplicity and high quality. The understatement of his designs is why we reproduce this piece and why the originals are collectors' items. Jean Michel Frank, Anne Frank's uncle, created this permanent standard in design in 1930. Something we want to pass on. The 3-seater, two seater sofas and club are available in fabric or leather. Both materials are of superior quality.
