Table & Cloth

Who doesn't remember the table top covered with a soft cloth?

This corten steel table continues that tradition and has no demands regarding its user. Anything goes: indoors or outdoors, formal or with one's feet on the console to sit back and relax. The soft leather however will support any fine porcelain or elbows of the one who listens to an interesting story.

certificate no.

306

table

Table (Cloth)

materials

corten steel/Leather (indoor/outdoor)

dimensions

100 x 200 x 74 H
on request
